

Objective :

Highly motivated individual with programming, problem-solving, communication, and interpersonal skills. Seeking an opportunity to contribute to a dynamic, growth-oriented organization while enhancing customer experience and supporting business objectives. Dedicated to continuous learning and professional development, with a commitment to teamwork, efficiency, and delivering impactful results in a global environment.

Education :

- Srinivas Institute of Technology, Mangalore**
B.E. Computer Science and Engineering, 2022-2026 7.5 cgpa
- St Aloysius PU College , Mangalore**
Pre-University, 2020-2022 63%
- Bhagavathi English Medium School , Mangalore**
SSLC, 2019-2020 83%

Projects :

Website for Recipe Finder:

- Developed an interactive web application using HTML, CSS, JavaScript.
- Designed a JSON-based database to support efficient storage and retrieval.

Network Anomaly Detection using ML:

- Developed a machine learning-based framework for real-time network anomaly detection using algorithms like RNN, KNN and LSTM.
- Improved detection accuracy , providing a scalable and adaptive cybersecurity solution

Internships:

- AI-ML (Virtual Internship) from AICTE, Duration 10 weeks.
- Python Fullstack Developer (Virtual Internship) from AICTE, Duration 10 weeks.
- Data Analytics (Virtual Internship) – Deloitte Australia (Forage), Duration 4 weeks.

Technical Skills :

- Programming Languages: Python (Intermediate), Java (Intermediate), C (Basic)
- Frameworks & Libraries: Spring Boot (familiar), Flask, NumPy, Pandas
- Web Development: HTML, CSS, JavaScript
- Databases: SQL (joins, indexing, stored procedures), MySQL, MongoDB
- Core CS Concepts: Data Structures & Algorithms, OOPs, DBMS, OS Fundamentals
- Version Control & Tools: Git, GitHub, Visual Studio Code
- Operating Systems: Windows, Linux (Shell basics)

Skills :

- Communication Skills
- Team Collaboration
- Leadership
- Time Management

Languages Known :

- English
- Hindi
- Malayalam
- Kannada

Certifications :

- Database Using SQL Certified by Ethnotech Academy
- IT Specialist - Cloud Computing from Certiport
- Advance Java Programming Certified by Ethnotech Academy
- No SQL-MongoDB by IBMCE
